

FILA INVISIBLE RAIL

NATNUT FILA

FILA, the sliding door, is a real “wall” in motion; its slide bar is hidden, when the door is opened, or when it is closed. Ideal for use as external sliding door, it can be a valuable addition to close walk-in closets or small opening equipped with shelves as bookcases or mini-bar.

The result is a refined and exclusive aesthetic, sized on demand by project.

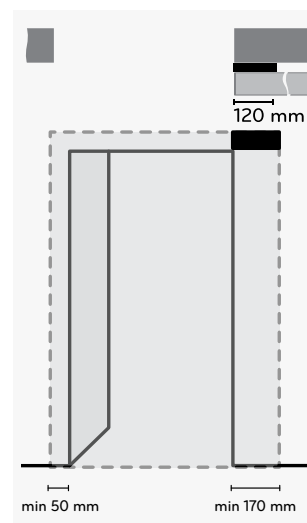

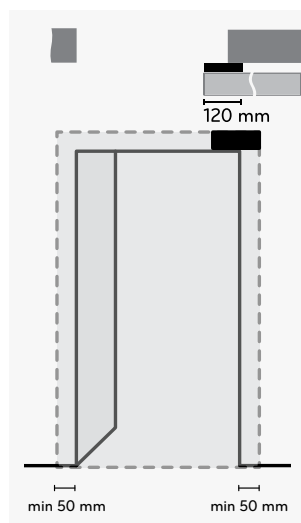

The style moves from classic to modern, and can count on fine wooden finishes in the Barausse range (from smooth to open pore brushed), on 11 exclusive glossy finishes, on a “infinite” range of lacquered colors, on coated lacquered, on the concrete effect, on glass and on leather, or on customizable leaves with paintable base layer.

BARAUSSE
DOORS MADE IN ITALY

DOORS - MADE TO MEASURE DOORS - WALL PANNELLING - WALK IN CLOSETS

Since 1967, Barausse has specialized in the production of interior doors, which are 100% designed and manufactured in Italy.

Barausse develops and offers furnishing solutions for the purpose of creating a separate space which is both functional and prestigious with a high esthetical value. The result is both a beautiful and comfortable place to live!

Thanks to multiple certifications of our fire rated doors, the ability to design bespoke products and our over twenty years of experience in the contract field, Barausse is able to provide worldwide, a high quality product for luxury hotels. We also provide this same high end standard for public buildings, high rise residential and private homes.
