Since 1967, Italian doors...

...to *live* and *work*
in beautiful, harmonious,
comfortable spaces.

Since 1967
Barausse has specialized in the
production of interior doors, which are 100%
designed and manufactured in Italy.
Barausse develops and offers furnishing
solutions for the purpose of creating a
separate space which is both functional
and prestigious with a high
esthetical value.

The result is both a beautiful and
comfortable place to live! Thanks to
multiple certifications of our fire rated
doors, the ability to design bespoke
products and our over twenty years of
experience in the contract field,
Barausse is able to provide worldwide, a high
quality product for luxury hotels.
We also provide this same high end
standard for public buildings, high rise
residential and private homes.

Barausse is a Company born in Veneto, an
Italian territory that stands out for its innovation,
hard work, efficiency,
inventiveness. Venezia, Vicenza, Verona, Padova
Treviso, Rovigo and Belluno are proof of a ma-
gnitude that has been able become concrete
in the field of art and architecture.

Dal 1967 Barausse è specializzata nella produzione
di porte per interni, 100% progettate e realizzate in
Italia. Barausse sviluppa e propone soluzioni
d'arredo funzionali alla separazione degli spazi,
di alto prestigio e valore estetico, per creare
ambienti dove vivere sia un'esperienza
emozionante e confortevole.

Forte di numerose certificazioni per porte resistenti
al fuoco, della progettazione di prodotti custom,
e la ventennale esperienza nel settore contract,
Barausse opera nel mondo nella realizzazione di
Hotel di lusso, strutture pubbliche, costruzioni
residenziali e ville private.

Barausse è un'azienda nata nel Veneto, un territo-
rio italiano che si distingue per le sue caratteristi-
che di innovazione, operosità, efficienza, ingegno.
Venezia, Vicenza, Verona, Padova Treviso, Rovigo e
Belluno sono la testimonianza di una grandezza
che ha saputo divenire concreta anche nel cam-
po dell'arte e dell'architettura.

design

Barausse takes an active part in the complete process, from the design to the final manufacturing. Only materials with proven quality are accepted for use in our production process.

research

Barausse has enhanced the aesthetic value of the door by conferring it with furnishing dignity and by improving its technology and operating mechanics through the sustained commitment of our R&D department; we boast 17 industrial patents for innovations relating to leaf, frame and hardware.

ecology

Our business process management is based on policies concerning energy saving, renewable energy source choices, careful waste management, production waste limitation and emission control.

Moreover, Barausse has defined ad hoc low environmental impact products for the ECOLOGY BUILDING industry made with timber from sustainable forest management plantations, and finished with water-based varnish.

quality

The company, staunchly committed to Quality, has chosen to adopt a customer satisfaction policy.

The products BARAUSSE offers the market meet customers' aesthetic functional requirements with the addition of top quality features that guarantee the structure, performance, duration and safety of the product.

design

Barausse segue tutto il percorso, dalla progettazione alla realizzazione. Entrano nel processo produttivo solo materiali di provata qualità.

research

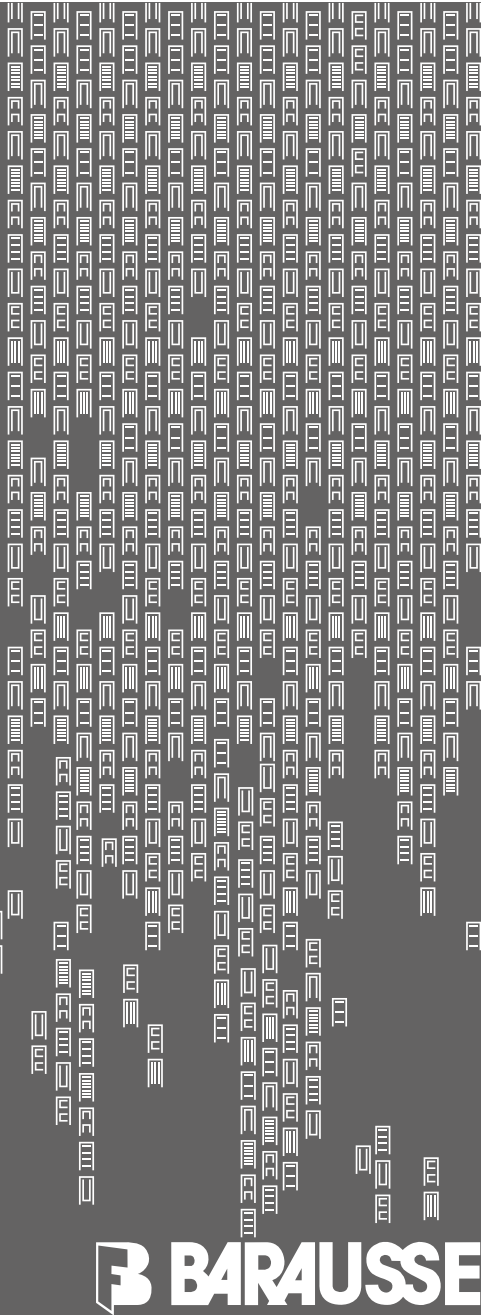

Barausse ha accresciuto il valore estetico della porta conferendole dignità d'arredo, migliorandone la tecnologia e la meccanica di funzionamento attraverso l'impiego costante dell'ufficio R&D; 17 sono i brevetti industriali per le innovazioni su anta, telaio e ferramenta.

ecologia

La gestione del processo produttivo si traduce in politiche di risparmio energetico, scelta di fonti di energia rinnovabili, gestione oculata dei rifiuti, minimizzazione degli scarti di produzione e controllo delle emissioni. Barausse ha inoltre definito prodotti ad hoc per la BIOEDILIZIA a basso impatto ambientale nell'intero ciclo di vita del prodotto, realizzati con legname proveniente da coltivazioni impostate sulla forestazione produttiva e rifiniti con verniciatura all'acqua.

quality

Tradizionalmente legata alla Qualità, l'azienda ha scelto di adottare una politica di soddisfazione del cliente, proponendo al mercato prodotti con requisiti estetico-funzionali abbinati a caratteristiche qualitative assolutamente garantite per struttura, prestazioni, durata nel tempo e sicurezza.

Progettare gli interni è scegliere con cura ogni arredo; forme, colori, accessori.

Non lasciate al caso nulla! È il dettaglio a rendere unico il progetto.

'La casa è il vostro corpo più grande. Vive nel sole e si addormenta nella quiete della notte; e non è senza sogni.'
-Kahlil Gibran-

Interior designing is carefully choose each piece of furniture; shapes, colors, accessories.

Do not leave anything to chance! Details make a project unique.

'The house is your larger body. It grows in the sun and sleeps in the stillness of the night; and it is not dreamless.' -Kahlil Gibran-
